Dear Pramika,

Thank you for your interest in the WECode 2022 Conference! Based on your responses, we're excited to grant you the general scholarship to attend our college conference.

As a reminder, our conference this year will be a **virtual format on February 19-20, 2022**. This means that there will be no transportation required to attend WECode, and registration will take place through Hopin, the online platform we will be using for the conference.

We are able to offer you 100% of the ticket cost through Hopin [here](#). Please note that this is a private ticket and you **must not share this link with others**. We will be monitoring and keeping track of who acquires a ticket through this link.

If you have any questions, please do not hesitate to reach out to us.

Thank you again for applying for this scholarship! We cannot wait to (virtually) see you in February, and we truly hope you enjoy your WECode experience.

Best,

The **WECode** Team
